

Specialist Children's Services Speech and Language Therapy Drop-in Sessions

Open sessions for families with children up to the age of 4 years 11 months who are not already seeing a Speech and Language Therapist.

What happens at a Drop-in?

No appointment is necessary.

Parents can talk over any worries they have about their child's speech and language progress with a therapist.

We will look at the child's needs through play and/or assessment.

Parents should be ready to answer questions about their child's general development.

Ideas and advice are offered to help the child.

A further appointment may be offered.
