

Welcome to Harrogate District Hospital

Where do you need to be?

The addresses shown below will guide you to your destination. The first letter is the **Wing** you need [follow the coloured letters you can see on walls and doorways], the first number is the **Floor**, and the last two numbers are the **Door**.

For example, if you need to go to **E106**, you first follow the pink coloured **E**'s to Wing E, then go to Floor **1**, then follow the numbers on doorways and walls to **E106**.

Wing	Floor	Door

Write the address which you need to get to in the boxes above, one letter or number in each box, and it will help your way to the correct Wing, Floor then Door.
